Basic Cleaning

Your light, keep-it-tidy service, think wiping and refreshing: visible surfaces, touch points, quick kitchen & restroom care, floors kept presentable.

Best for spaces that are already in decent shape or recently detailed. Works great weekly or bi-weekly.

First-Time Cleaning

A reset after a break or when switching providers. Includes everything in Basic plus extra focus on heavy-use areas (kitchenette, restrooms, corners/edges, hard-to-reach spots) to bring the space back to an easy-to-maintain level. After this, Basic feels effortless.

Deep Cleaning

A top-to-bottom detail: edges, corners, under/behind light furniture, polish on fixtures and high-touch areas; by request, can include inside cabinets/drawers/appliances and more detail on glass/baseboards. Ideal when you want a true “fresh start.”

Service Call (2-Hour Rapid Visit)

Have an urgent task? We’ll come quickly (same-day when possible) for a focused two-hour block to handle your priority list: e.g., kitchen reset, oven/fridge clean, restroom refresh, spot glass, quick floor rescue. It’s all about quality, speed, and your top needs within that fixed time window.
